

GameShare User Manual

GameShare Team

12/3/2017

Navigation:

1. The header at the top of the page has links to the other pages on the website. These pages include: home, account, browse games, my games, edit, play

Account Administration:

1. From the home page, click either 'login with Google' or 'login with Facebook'
 - a. This will prompt a popup for signing in with those services, which sets up the account on GameShare
2. Can delete account from the account page
3. Can logout from the account page

Game Editor:

1. Create a new game by clicking the 'create' link in the header
2. Change the game's name by editing the text box in the header
3. Groups:
 - a. Can create a new group by clicking 'add group', and entering a unique name for that group
 - b. Can open the group properties panel by clicking the name of the group.
 - c. Can edit group properties such as color and health by changing the property values in the group properties panel
4. Objects:
 - a. Can create a new object (either a square or circle) to a group by clicking the square or circle button next to that group's name
 - b. Can open the object properties panel by clicking the the object in the editor or that object's button (which is located below that object's group name)
 - c. Can edit object properties such as color and position by changing the property values in the object properties panel
5. Open the game rules panel by clicking the 'level' tab in the left sidebar, then you can edit the values in the panel
6. Open the grid settings panel by clicking any empty space on the grid, then you can edit the values in the panel to modify the grid
7. Publish the game by clicking 'publish', which automatically redirects to the URL where the game is running

Playing a Game:

1. Move around in the game with WASD keys
2. Shoot by clicking mouse
3. The objective is to shoot other players so your score can be higher than everyone else's

My Games Page:

1. For each game card on the page, you can play, edit, and delete the game with the bottom three buttons on the card respectively, or you can start and stop the game with the play/pause button at the top of the card

Browse Games Page:

1. For each game card on the page, you can play the game with the bottom button on the card
